Federation of Indian Export Organisations (FIEO) has launched a mobile app “Niryat Mitra”. The app is useful for business community especially those wanting to do business with India. It provides daily policy updates, access to useful business tools like ITC HS finder, India’s GST rate finder, India’s export and import policy finder at product level, MFN/preferential tariff and rules of origin finder, market access requirement finder for 87 countries including that of India etc. as well as access to a database of over 26000 exporters dealing in various products and in services sector. Foreign companies can search, select and send business queries to these companies on real time basis. The app also helps to get brief profiles of Indian exporters. The can be accessed at the following link:
